## Reeve Fox Reviews Work Of M. D. At Annual Meeting

About 250 ratepayers attended the annual meeting of the Municipal District of Mountain View No. 49, held in the Didsbury Opera Theatre on Friday, February 16, and Mr. Ray Bell was appointed chairman.

Reeve Hugh Parry, sec.-treas. A.L. Purvis and assist. sec.-treas. Gordon King of the Municipal District of Kneehill were among the visitors.

Reeve Chas. Fox gave a report on the year's work and mentioned that while crop yields were below average in all parts of the Municipality, and considerable difficulty still exists in marketing crops, tax collections for 1950 amounted to 80 per cent of the current levy, and 61 per cent of the arrears were paid. This compares with 57 per cent of current tax collections in 1949, and 68 per cent of arrears.

Dealing with public works the Reeve stated that during the past year 85 miles of new gravel had been laid, 76 miles of re-graveling had been done, 105 miles of elevated roads had been built, 19 miles of re-graveling had been done and 10 miles of new road had been opened up in the Municipality.

Mr. Fox said grants from the Department of Public Works amounted to \$66,851 in 1950, an increase of \$8,559 over 1949. Four new bridges were constructed in the Municipality last year.

Dealing with education the Reeve stated the amount paid for schools in 1950 was \$267,760.28, an increase of \$1,008.57 over 1949.

Mr. J. J. Miller of Calgary, assessor for the Municipality, was present and gave a short report on his work and outlined the method used in determining property values. Mr. Miller stated that he had made an inspection of every parcel of land in the Municipality during the past year and based his values on the classification of soil. He stated that the 1951 assessment notices would be mailed within the next two weeks and he asked farmers who were not satisfied with the assessment to compare the values placed on the land with their neighbors and if they then had a legitimate complaint to file it with the secretary-treasurer. This would save

the office staff much detailed work in cutting down the number of inquiries regarding assessment values.

Walter Snyder, Field Supervisor of the Municipality, gave a report on the year's activities of the Agricultural Service Board.

A resolution was submitted by C. J. Ansley and W. Kyle asking the Municipality to purchase a motor patrol for road maintenance, and this resolution was passed by the meeting.

Another resolution recommending the engagement of a supervisor for road equipment was defeated.

The financial statement for 1950 was reviewed and a few questions were asked and explained. The statement was adopted by the meeting.

## WESTCOTT NOTES

This part of the district was well represented at the shower for Miss Jean Krebs on Wednesday afternoon at the Rugby hall.

A large crowd of children and parents alike turned out for the skating party put on at the rink by the Westerdale teacher, Mrs. Elsie Kouschik, and her pupils on Wednesday evening, February 14, Valentine's Day, and for lunch they had quite a variety, even to heart-shaped decorated cookies and cake, and lots of dogs. All report having had a really good time.

Miss Shirley Jensen of Didsbury accompanied Miss Elaine Goetjen home on Friday evening last for supper.

Mr. and Mrs. Clarence Reinhardt were guests at the Bob Patchell home at Cremona on Sunday last.

Mr. Herbert Goetjen, together with Miss Elaine Goetjen, attended the Municipal Council, attended the Kneehill Municipal annual meeting at Three Hills on Monday last.

With the warmer weather the activity at the rink has been almost nil. Friday night there was skating as usual though many hockey games are being postponed now till colder weather. Dare we hope that winter is over?

A short business meeting was held at the rink last Tuesday night as the ice hockey game so as to clear up some unfinished business.

## February Meeting Of Bancroft Institute

The February meeting of Bancroft W.I. was held at the home of Mrs. Hauser with 17 members present. The Creed was repeated and roll call answered by each member standing in a pair of pot holders in the number of those of these prairie birds taken in the next month.

A grant of \$30 towards the campaign has been made by the Municipal District of Mountain View, and with a similar amount being provided by the local Association there are ample funds on hand to carry the campaign to the end of March, which is the closing date.

The Association is paying 20 cents per pair for maple feet and snowy owl feet during the winter campaign and boys and girls are urged to take as many of these birds as possible during the winter months.

## Municipal Councillors All Get Acclamations

At the nomination meeting for Councillors and Hospital Representatives for the Municipal District of Mountain View No. 49, held after the annual meeting last Friday, all Councillors were re-nominated, one new hospital representative was nominated, and the other hospital representatives were re-nominated, according to Returning Officer Geo. A. Young.

In Division 2 W. J. Bagnall was re-nominated as Councillor; F. J. Niddrie, M.L.A., was re-nominated in Division 6, and Earl B. Dodd was re-nominated in Division 7. There being no other nominations, all Councillors were declared elected by acclamation by the Returning Officer.

The 1951 Municipal Council will comprise Reeve Chas. Fox, Councillors W. J. Bagnall, F. J. Niddrie, E. B. Dodd, W. H. Metz, H. J. Goetjen and H. Roedler.

For the Olds Municipal Hospital J. A. Dodd was nominated for Ward 2, and George Clarke was nominated in Ward 3.

In the Didsbury Municipal Hospital District C. H. Hauser was nominated to replace Tom Dench in Ward 1, J. W. Rupp was re-nominated in Ward 3, and J. H. Hoesgood was re-nominated in Ward 4. With only sufficient nominations to fill the vacancies all candidates were declared elected by acclamation.

Two gendarmes drag away a demonstrator near Hotel Astoria in Paris, France, recently, during anti-Communist demonstration by some 4,000 Communists in the heart of the city. A concentration of 3,000 policemen arrested about 200 of the demonstrators and kept the others on the move. There was plenty of pushing and shoving, but no serious disorder. The Hotel Astoria is now headquarters of the Atlantic Pact military organization headed by Gen. Dwight D. Eisenhower.

## Lions' Ice Carnival Friday, February 23

Final preparations for the Didsbury Lions' Club ice carnival have been made and if roads are open there will be a big crowd in attendance, according to advance ticket sales.

The big event will be held in the Didsbury Memorial Arena on Friday, February 23, and will start sharp at 8 p.m. with a surprise event. At 8:15 the grand parade will take place to get the ice events started and besides prize awards for costumes there will be prizes for skating races for men and boys, ladies and children of all ages.

A broomball game between the men over 40 from Carstairs and Didsbury should provide plenty of excitement, while the displays from the rural and town schools should equal if not surpass the similar events staged at the 1950 carnival.

Plan now to attend the big carnival. Reserved seat tickets are available at Law's Drug Store.

## 26 RINKS ENTERED IN MIDWAY BONSPIEL THIS WEEK

Twenty-six rinks from Acme, Carstairs and Didsbury are entered in the first annual bonspiel of the Midway Community Centre, which started on Monday.

Despite warm weather the ice at Midway on Monday was very level and many good games were played.

With only two sheets of ice, and three competitions, the bonspiel is not expected to be concluded until Saturday.

## Annual Report Of Mons Chapter I.O.D.E.

The Mons Chapter I.O.D.E. reports a successful year in 1950, with 54 members, four new members, and four members lost due to change of residence.

Donations made to various funds by the Chapter were: Three layettes given out, one to Maternity Assistance, Mrs. E. Lowrie and Mrs. Nelson respectively. The winner of gifts' high was Ronald Johnston with the consolation going to Coleman. Mrs. Vic Soyndman and George McCracken were also winners of prizes with the novel idea of hearts being passed on the undersides of their coffee cups.

The next party will be at the home of Mr. and Mrs. R. Nelson on Wednesday, February 28. Everyone welcome.

The Chapter has also made collections for the following causes: March of Dimes \$29.00; Manitoba Relief \$25.00 (also a new quilt); Hospital Day \$63.85; Institute of the Blind \$106.27; local Tennis Club \$25.00.

Funds were raised by the Chapter through sponsoring two dances and catering for two banquets.

Convenors: Mrs. Watkin, Mrs. Shannon, Mrs. Hunsberger, Mrs. McFarquhar, Mrs. Morton, Mrs. Bowman, Mrs. Grange, Mrs. Andrews, Mrs. Lynch-Staunton and Miss Davis.

## WILD LIFE PICTURES SHOWN AT MEETING

A short meeting of the Didsbury Fish and Game Association was held in the Lions' Hall on Friday evening, February 16, when final plans were made for the banquet. A ladies committee was set up to take charge of preparations for the dinner, and this committee comprises Mrs. E. Bouleau, chairman; Mrs. H. Lynch-Staunton, Mrs. Jack McCoy, Mrs. E. Grange, Mrs. W. J. McCoy, Mrs. Ken McCoy, Mrs. Ed Ford, Mrs. J. Topley, Mrs. I. Klein, Mrs. G. Tighe and Mrs. H. Fischer. At the close of the meeting several pictures of wild life, fishing, mountain climbing, etc., were shown, Ed Wiggins being in charge of the projector.

## 100 Per Cent Turn-Out To Zella W.I. Meeting

The Zella Women's Institute had a 100 per cent attendance when it met last Thursday afternoon at the home of Mrs. C. Gibbs. All fourteen members and two visitors were present.

The meeting opened with O Canada and the Creed, followed by roll call, a stuffed toy or book to be donated to the Didsbury hospital.

Mrs. Tony Spooner presented a most interesting Canadian Industrial topic. She gave the highlights of a nylon factory, aluminum plant, maple sugar industry, freighters, locks, market stalls and the tourist trade as viewed while a resident of Ontario during the war years.

The "bit of fun" by Mrs. Jim Johnston was a reading "Our Long Winter Nights Encourage Tail Tales."

The Secret Sister system was adopted.

Mrs. Arthur Waldford won the door prize. The singing of God Save the King, and a delicious lunch served by the hostess, a pleasant afternoon was brought to a close.

The hostess for Thursday, March 15 will be Mrs. H. Christensen.

Mr. and Mrs. Jim Johnston were the hosts for six tables of whist on Thursday evening February 13. Ladies' first and consolation were won by Mrs. E. Lowrie and Mrs. Nelson respectively. The winner of gifts' high was Ronald Johnston with the consolation going to Coleman. Mrs. Vic Soyndman and George McCracken were also winners of prizes with the novel idea of hearts being passed on the undersides of their coffee cups.

The next party will be at the home of Mr. and Mrs. R. Nelson on Wednesday, February 28. Everyone welcome.

## DIDSBURY RINK WINS FIRST AT OLDS LADIES' BONSPIEL

The Didsbury entry in the Olds Ladies' Bonspiel which was held last week was successful in winning first prize in the main event, and they returned home with four leather train cases, completely equipped, as prizes.

There were 27 rinks entered in the Olds ladies' bonspiel, and on Wednesday night the ladies were guests at a lovely home made Valentines, and later these were judged. Mary Spraggs got the prize for the Seniors, and Sandra Brander for the Juniors.

Personnel of the Didsbury rink was Mrs. Rita Gillrie, skip; Mrs. Daisy McCoy, third; Miss Shirley Sharples, second, and Mrs. E. Buhr, lead.

## 8 Candidates Nominated To Contest Four Council Seats

When nominations for candidates for the Council of the Town of Didsbury closed on Monday, February 19, at 12 o'clock noon eight candidates were in the running for the four seats on the Council, according to Fred Evans, the returning officer.

The eight nominees were: Phil Andrews, Joe Dick, Tom Morton, E. Pieper, Lawrence Dickau, Ed Klink, Herby Stiles and Wilmer Reist.

As a result, the eight nominations for the four council seats an election will be held next Monday, February 26, and polls will be open from 10 a.m. until 7:00 p.m. Voters will cast ballots for four candidates only, using an "X" after four names only. If you vote for five or more your ballot will be spoiled.

Under the provisions of the Town Act any candidate may withdraw his nomination within 48 hours after the close of nominations, and there is always the possibility that this may occur.

The two candidates for Town Councillor receiving the highest number of votes at the polls will be elected for three years, and the other two candidates will be elected for one-year terms.

Worrall, M. Anderson and S. Fox; 2nd, H. Richardson, J. Wilson, L. Hunter and L. Shells; 3rd, W. Payne, Mrs. G. Mullen, J. Robertson and A. Gooding.

## Large Crowd at Shower For Miss Jean Krebs

Over one hundred ladies and children gathered in the Rugby hall on Wednesday, February 14, when Mrs. L. Krebs, Mrs. Alfred Cowitz, Mrs. L. Scott, Mrs. P. Hoesgood, Mrs. A. L. Hogg and Mrs. O. Thompson were joint hostesses at a miscellaneous shower in honor of Miss Jean Krebs, a native born girl of the Rugby district and a bride-elect of the month.

The hall was beautifully decorated in red and white streamers and hearts with small red baskets filled with Valentine's cards, centering each table. The bride's chair was also decorated in red and white, with a huge heart over the centre from which small hearts cascaded, and at her right on a small table was a beautiful model of a church full of gifts. Presents were also piled under and around the table.

Miss Mildred Luft sang two songs, Mrs. Ross Youngs recited, and Mrs. H. Befus had a story of Jean's life, to which the guests provided the adjectives. When this was read out it caused much amusement.

Miss Laura McCulloch helped Jean open her gifts, which were beautiful and useful. Included was a lovely pair of white and pastel colored slippers from friends. Miss Mildred Luft and Miss Marian Luft passed the gifts around for everyone to see, and Jean thanked every one with a special thank-you to the hostesses.

A very bounteous lunch was then served with relatives and some of the old friends occupying the head table. Even three brave gentlemen were seated at one of the far tables.

#### PRaises RED CROSS TRANSFUSION SERVICE

Praising the appointment of the Canadian Red Cross as the official agency for the securing, processing and supplying of blood and blood products for the armed forces of Canada, His Excellency the Governor-General, Viscount Alexander, called for generous support of the Society's national appeal for \$5,000,000 opening March 1.

"Canadians can be justly proud of the steady expansion of the Society's free national transfusion service, one of the greatest health ventures ever undertaken by a voluntary organization, the Red Cross outposts hospitals and nursing stations which bring medical aid to still expanding frontiers, and the continuing service to veterans which remains, as always, one of the Society's first obligations," he stated.

"They can now take pride in the recently announced agreement whereby the Society will ensure the necessary supply of blood and blood products required by our armed forces at home and abroad."

Stating it was his annual pleasure to endorse the national appeal of the Red Cross, Viscount Alexander pointed out the Society served as a channel for each man's kind and generous impulse in promoting the general health and welfare of all citizens.

"The Red Cross is well worthy of your generous support," he added, for it is truly national and international in service, a living part of the great international organization dedicated to the relief of suffering and distress whenever it may occur in war or peace."

#### EXPECT \$20,000,000 FOR ALBERTA ROADS THIS YEAR

Hard surfacing of 200 miles of Alberta highways is expected to be provided for in estimates of the provincial public works department to be submitted at the session of the legislature which opens February 22.

While the government's detailed road program will not be revealed until the estimates are considered, it is believed the whole program will involve an expenditure of close to \$20,000,000, covering roads, ferries and bridges.

If hard surfacing of 200 miles of main roads is undertaken, this would be a continuation of the policy announced last year by Hon. D. Bruce MacMillan, minister of public works.

#### EFFECT OF DATE OF SEEDING ON WHEAT YIELDS

Frost in the fall of 1950 focussed much attention on the date of maturity of crops. Two factors having the greatest influence on maturity are the number of days a variety takes to mature and the date of seeding. For the past six years the Experimental Farm at Indian Head, Saskatchewan, has sown wheat on four dates, the first date as early as field work can be done in the spring, and the others at ten day intervals. The fourth date is therefore 30 days later than the first. In this six-year period very late, normal and early springs have been experienced, but in almost every case wheat sown on the first date slightly outyielded the others. The difference between the yield of wheat sown on the first three dates was not large, but there has been a small progressive decline with a marked drop occurring at the fourth date. This points to the fact that early seeding not only produces higher yields over a period of years but lessens the danger of damage by early frost, says E.V. McCurdy of the Indian Head Station.

Weeds have not been a problem in this project, but if a spray were necessary to allow wild oat growth, the tests indicate little decrease in yield would result from a delay in seeding up to 20 days after the first field work could be done in the spring; but if the delay were longer a much lower yield could be expected. The average decrease between the first date and the fourth date in this project has amounted to six bushels per acre. Work on the Regina Substation, for a longer period of years, indicates exactly the same trend.

#### CANADIAN DAIRY PRODUCTS MAY BE SHIPPED TO JAMAICA

The following items are now eligible for allocation for Jamaica under the B.W.I. Trade Liberalization Plan: Fresh milk and cream, butter, casin, cheese, milk powder whether whole or skim, milk preparations containing chocolate.

Exporters who were shipping any of these products to Jamaica during 1946-47-48, are entitled to allocations under the plan on the basis of 50 per cent of the average annual value of their exports during these years.

#### FOR CLEANER AIR

Purified air, necessary in hospitals, certain industries, laboratories, etc., can now be produced efficiently by a new filtering method using filters of asbestos and glass fibres. The filters can be removed from the air polluting particles of diameters smaller than one thousandth of an inch, it is claimed.

#### \$5,352 Damages Awarded in Accident

Damages totalling \$5,352 were awarded in claims and counter-claim to six litigants involved in a three-vehicle highway collision, in a judgement given by Mr. Justice W.G. Egbert, on February 8, at the conclusion of the trial in supreme court.

According to the evidence Miss Valeria G. Klein, Didsbury, was slowly driving her father's car south through the fog on No. 2 highway about 2 1/2 miles south of Olds about 8:30 a.m. December 7, 1949. A truck driven by A. Jennings, of Vanham, and owned by his father, pulled out to pass the Klein car and collided with a northbound truck driven by R.E. White and owned by White Cartage, Calgary. Alan Thomas, a turkey buyer for Swift Canadian Co. Ltd., was a passenger in the White truck which was carrying crates and turkeys, the property of Swift's.

Mr. Justice Egbert ruled that Jennings was 75 per cent to blame for the mishap and White 25 per cent to blame and dismissed the action against the Kleins.

The damages were awarded as follows: R.E. White, \$3,263; White Cartage, \$1,318; Alan Thomas, \$140 and Swift Canadian, \$60, being 75 per cent of their respective claims against Jennings, father and son.

The Jennings were awarded \$212, being 25 per cent of their counter-claim against White Cartage and R.E. White.

The Kleins were awarded \$332 and costs on their counter-claims against the Whites and Jennings.

#### JAPAN PERMITS INCREASED IMPORTS FROM CANADA

Japan has issued an import control notice for the period, January-March 1951, which includes provision for the importation of the following goods from specified countries, including Canada: Wheat, barley, sugar, mica, Douglas fir, hemlock and spruce. This indicates a relaxation of Japanese import trade control, as imports from Canada provided under the previous quarterly foreign exchange quota included only wheat, asbestos and mica splittings.

## Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.

### FALLEN TIMBER

A number from Fallen Timber attended the hockey game between Sundre and Elkton at the Didsbury Arena on Thursday night. The game was fast and the passing very good.

Mr. Raymond McMullen was in Calgary on business on Friday.

The community joins in wishing Barry McMullen a speedy recovery.

Billy Dick returned home on Thursday after a prolonged visit in Calgary.

An enjoyable evening was spent recently at bingo in the school. Mrs. Rose Howton and Mrs. Annie Wamnamaker were the hostesses. The prizes were numerous and many were lucky.

The present mild spell is being greatly enjoyed by young and old. Signs of Spring. A flurry of house cleaning in the neighborhood.

The Cremona Sub-Local A.T.A. met at Water Valley last Monday night and the attendance was very good. Discussions concerned the Music Festival to be held in Cremona on March 16, and the purchase of a projector for use in schools.

Mr. Glenn Cooper, who has been writing at Patricia, spent the weekend at home. Roads in the south and east country are badly drifted. The annual meeting of the Fallen Timber ratepayers will be held in the school on Saturday, February

### INTERIM GRAIN PAYMENT

Recently Rt. Hon. C. D. Howe, minister of trade and commerce, announced that the Wheat Board would make interim payments on wheat, oats and barley delivered since August 1, 1950. The wheat payment is to be 20c a bushel, oats 10c and barley 20c. The oats and barley payments will be made first with wheat to follow.

It is estimated that the payments will mean a distribution for wheat of \$51,400,000, for oats \$5,900,000 and for barley \$11,600,000.

### FASTER SUBMARINES

Britain is developing faster submarines, some powered by hydrogen peroxide, which can remain submerged for longer periods than has so far been possible.

24, at 8 p.m. All ratepayers are urged to attend.

Don't forget the Sunday School and Church service at Fallen Timber school every Sunday afternoon at 2 p.m. A nine-piece orchestra and a choir are in attendance. An invitation is extended to all to come and enjoy the services.

Mr. and Mrs. Ray Teynor are visiting in Carleton Place for a few days.

Mr. and Mrs. J. Howton and family spent Tuesday evening at the J. Cooper home.

Mrs. Howard Gibson and Delbert are visiting with her grandparents, Mr. and Mrs. Hans Johnson.

### How Inflation Starts

"At the beginning the inflow of additional money makes the prices of some commodities and services rise; other prices rise later. The price rise affects the various commodities and services, as has been shown, at different dates and to a different extent."

"This first stage of the inflationary process may last for many years. While it lasts, the prices of many goods and services are not yet adjusted to the altered money relation. There are still people in the country who have not yet become aware of the fact that they are confronted with a price revolution which will finally result in a considerable rise in all prices, although the extent of this rise will not be the same in the various commodities and services. These people still believe that prices one day will drop. Waiting for this day, they restrict their purchases and concomitantly increase their cash holdings. As long as such ideas are still held by public opinion, it is not yet too late for the government to abandon its inflationary policy."

"But then finally the masses wake up. They become suddenly aware of the fact that inflation is a deliberate policy and will go on endlessly. A breakdown occurs. The crack-up boom appears. Everybody is anxious to swap his money against 'real' goods, no matter whether he needs them or not, no matter how much money he has to pay for them. Within a very short time, within a few weeks or even days, the things which were used as money are no longer used as a media of exchange. They become scrap paper. Nobody wants to give away anything against them."

"It was this that happened with the Continental currency in America in 1781, with the French mandats territoriaux in 1796, with the German Mark in 1923. . . . Inflation is a policy that cannot last forever." — From Human Action, by Ludwig von Mises.

### Notes From The D.A.

(Hugh McPhail)

The Agricultural notes this week stresses the importance of securing good seed potatoes, taking steps to prevent soil erosion and securing good cereal and forage seed.

Certified potato seed does not cost much more than ordinary seed and the better quality and larger yields obtained will pay big dividends.

Now is the time to plan rotations that will improve your soil rather than destroy it.

Good cereal and forage seed is available now, but is almost certain to be hard to secure by seed time. So it's good business to secure yours now.

I now have a supply of leaflets in my office reporting the findings of the Provincial Fertilizer Committee. This compares the results of liquid fertilizer 11-18.

The committee is composed of representatives of the Experimental Farms, Alberta Department of Agriculture and the Dept. of Soils and Plant Science, the University.

If you are interested call and secure a leaflet.

A.J. Charneski tells of 47 car loads of ewe lambs being shipped from southern Alberta to the U.S.A. at a reported price of 30 cents a pound.

We can use many of these in this district, but coyotes have put many sleepmen out of business. Our department is making arrangements now with many municipalities, whereby the M.D. hires a coyote getter. Either one with hounds or a man with an aeroplane. When these men present a coyote they are paid \$5.00 in the municipal office and the municipality is reimbursed to the extent of 75 per cent by the Department of Agriculture.

I believe M.D. of Mountain View is going to make such an agreement. As a point of interest, Sandy Brander, east of Didsbury has lost no sheep since he got hounds. One afternoon in December he killed 7 coyotes with his hounds in a few hours.

### 255,917 HOLD DRIVERS' LICENSES IN ALBERTA

Alberta has more than a quarter million persons who hold drivers' licenses, according to information received by officials of the A.M.A. Since April 1, 1950, the number issued was 255,917, well ahead of the previous record of 231,267 as at March 31, 1950.

With this great number driving cars, many of whom are teen-agers and possibly are not carefully instructed in the essentials of safety and responsibility in handling a car, the A.M.A. is continuing to urge the government to inaugurate a system of drivers' tests.

"The A.M.A. maintains that at least there should be proper tests of persons making their first application for a drivers' license. Such a system might also be extended to persons involved in car accidents during the previous year. This also is advocated by some organizations."

With the volume of general traffic continuing to increase in Alberta, and more and more cars on the streets and highways, it is contended that adequate tests will be a major factor in reducing the number of motor car accidents in this province.

SHIPYARDS MAINTAIN  
HIGH EXPORT RATE

Shipyards in Britain had a total of 330 merchant vessels of 2,044,888 tons gross under construction at the end of 1950. 118 of these ships were for export. The world tonnage of merchant ships under construction at the end of December was 4.8 million of which British yards accounted for 42.8 per cent.

SCOTSMEN TO TRAIN IN  
CANADIAN GOLD MINES

Early in February, 136 Scotsmen left Scotland for Timmins, Ontario to train as gold miners. They were selected out of 900 applicants by a personnel officer from a Canadian gold-mining company during a visit to Scotland some months ago. The men have passed tough medical and trade tests.

Red Cross Appeal  
Set at \$5,000,000

More than \$5,000,000 will have to be gathered by the Red Cross in its annual appeal for funds, opening March 1, to enable the Society not only to carry on its peacetime service but also to provide blood and blood products for Canada's armed forces as recently requested by the Canadian government. L.A. Winter, O.B.E., honorary treasurer, announced last week.

While the bulk of the Society's funds are expended for services at home, Mr. Winter emphasized that Red Cross has international obligations as well. Pointing out that the Canadian Society's medical-social welfare team was the first to be despatched to Korea to work under the United Nations with civilian refugees, Mr. Winter reported that the Society had allocated nearly half a million dollars for international relief, including grants for Korean refugees. Medical and nursing care in Canada, mainly concentrated in the Red Cross outposts and nursing stations, will require \$865,946 of this 1951 budget. Services to veterans, both in and out of hospitals, will cost \$410,640.

A total of \$1,661,255 has been budgeted for the free Blood Transfusion Service, now operating in whole or in part of eight provinces, and planned to open in Saskatchewan this year. Almost 100,000 Canadians received free transfusions in 1950.

Civilian welfare services, including aid for disaster victims, research and instructional services will total \$257,044; for Junior Red Cross, \$213,000; for international relief, Women's work and special grants, \$279,764.

## IT PAYS TO ADVERTISE

Dorothy had been praying for a baby sister. The other day her mother, while reading the paper exclaimed: "I see Mrs. Smith has a baby."

"How do you know that, mama?" Dorothy inquired.

"It says in the paper, dear."

"Read it to me."

Her mother read: "Born on March 2, to Mr. and Mrs. Smith, a daughter."

Dorothy thought a moment and said, "I'll tell you what I'm going to do. I'm going to stop praying and start advertising."

## TESTING SEED GRAIN AT HOME

Testing seed grain should be a routine practice on every farm, says A.M. Wilson, Field Crops Commissioner, Alberta Department of Agriculture. The early frost of late fall and adverse harvest weather have made seed testing for the 1951 sowing particularly important. Official tests may be obtained from the Plants Product Division, Canadian Department of Agriculture, Calgary. If the seed is intended for sale an official test is essential.

For those who intend to sow grain grown on their own farms, home testing for germination is often more convenient than forwarding sample for official testing. The procedure is by no means complicated, but for satisfactory results there are certain simple rules that should be followed. The mimeograph, "Testing Seed Grain at Home," provides this information. Prepared by N.G. Lewis, Plant Products Division, Canadian Department of Agriculture, copies may be obtained from the district Agriculturalists or from Field Crops Branch, Alberta Department of Agriculture, Edmonton.

WESTERN GERMANY IMPORTS  
CATTLE FROM DENMARK

Western Germany is reported to have purchased 171,423 head of cattle out of a total of 230,078 exported from Denmark for slaughter last year. The West German Government had agreed to purchase 200,000 head in 1950 and there was a possibility that an additional 25,000 head would be taken.

## BLOOD IS FREE

A persistent rumor that keeps cropping up to puzzle the Red Cross blood transfusion service is buzzing around Calgary again these days, service officials report.

Substance of the rumor, and it sometimes keeps people away from blood donor clinics, is that the Red Cross makes a profit on the blood they collect. Or, if the Red Cross doesn't make something, the hospitals administering the blood do.

"We don't know where these stories start," one official said, "but we check all of them thoroughly and no basis for the stories has ever been found."

The official added that since October, 1947, when the Red Cross blood transfusion service started in Alberta, all blood and plasma had been supplied free of charge to hospitals in the province with the hospitals agreeing to make no charge for administering transfusions.

GOOD SEED — A MATTER OF  
PRIDE AND PROFIT

Farmers are a proud people. Theirs is the soil, from which all food, the best clothing and most shelter comes. In their hands lies the future of the nation. Our prosperity depends on our production of food, clothing, and shelter fit for ourselves and others to use.

There is evidence that farmers are aware that success depends on maintaining a high standard. They are obliged to pay their product by grade, whether it be a Yorkshire hog, a dozen eggs or a bushel of wheat. Markets do not welcome a second grade product. The Alberta farmer has adapted himself by using pure bred broods, improving laying strains of poultry, and the finest available sire for his best animals. It may be that he has not kept pace in regard to parent stock of his future grain crops.

Dockage in grain is like a hidden tax in the budget. The farmer knows his grain is saturated with impurities, but the market does not refuse his product for that reason. It simply deducts the impurities from the pay cheque, charges enough to cover their removal and their transportation, and pays the producer for what good product he has left.

To exchange your present livestock breeding herd for a better one would be a pretty expensive proposition. Cattle improvement is a long and tedious business, requiring many generations of livestock, and most of one man's life.

To exchange your present grain parent stock for a better set is a simple matter. Grain varieties are well established to a rigid standard, and you know that a sack of registered seed will provide you with a high quality product which the market is anxious to recognize and accept. Yet this simple and inexpensive change to better seed is something which is often avoided or delayed. Perhaps if weedy grain were rejected at the elevator, and a real visible tax placed upon it, farmers would be more anxious to maintain a higher seed standard.

It is noticeable that the breeder of high grade livestock rarely is a producer of poor seed. In this case we find the proudest people of all. Those who seek to improve what they produce each generation are happy people. Whether you are a breeder of pure bred stock or not, you can be a producer of high quality grain. It is so easy to use a good quality seed and it is so inexpensive. In fact it pays. Be proud of the grain reputation Alberta has earned. Be proud to maintain it.

## RECORD YEAR FOR STEEL

U.K. steel production in 1950 reached a new record of 16,292,700 tons, nearly 300,000 tons above the upper target set at the beginning of the year, and 740,000 tons above 1949. Output in 1948 and 1947 totalled 14,877,000 and 12,725,000 tons respectively.

**GOOD SEED  
for BETTER CROPS**

Grain is not seed unless it is clean. You can be sure your own grain is seed by carefully cleaning with your own machinery or through a well equipped, properly operated seed cleaning plant. If you are buying seed accept nothing that is not graded.

Good seed, like good livestock, should have a pedigree behind it. If you do not plan to use registered seed for the whole farm you should at least use seed that has registered seed in its recent ancestry. You can do this by buying seed grown from registered seed, but the best method is to buy a few bushels each year and have a seed plot on your own farm where you can keep it pure.

It is good business to use registered seed of all grains, but for MALTING BARLEY, pure varieties are a "must". Get your seed now while stocks are available. Registered Montcalm and Olli Barley are available in sealed sacks from your elevator agent and from seed handling organizations.

**M.V.B.C. NEWS**

Two-thirds of the school year is gone; one wonders where it went. This week begins the third and last for the year.

A fitting beginning for the Spring term is the Annual Convocation which comes to us as a Holiness Convention this time. Mrs. A. W. Schimkat of Yakima, Washington, has begun her series of sermons on that vital subject. The services are open to the public and are at 11:00 a.m. daily except Saturday in the College Chapel, and at 8:00 p.m. at the United Missionary Church.

Three young people are being added to the student body this term. They are Opal Swain, Didsbury; Don Steves, Champion, Alberta; and Norman Herbert of Edmonton. We give them a warm welcome into our happy family.

An important oversight occurred in the "open house" account published in this paper last week. The Menno Bible School, located east of Didsbury, in conjunction with the New Berthel church was well represented at our Friday evening function. We appreciate their visit and invite them to come again. "The garment of humility is for you; the mantle of charity is to cover your neighbor. Now don't get them mixed."

## MELVIN NEWS

The February meeting of the Melvin W.I. was held last week at the home of Mrs. C. Leeson. Diapers and soap money were collected to be forwarded to aid Greece. The original Valentine verses produced many a laugh and revealed all our hidden poetical talents.

It was decided to sponsor the C.G.I.T. and Tuxis program at the Melvin hall on March 7 and it is hoped a large crowd will turn out to support such a worthy enterprise. A food sale was planned for March 24, the Saturday before Easter Sunday, and will be held in the Red & White Store.

Miss Ruth Johnston, agricultural convener, gave a very interesting paper on a Peace River Farmer, and Mrs. L. Fischer read a lovely description of "After Dawn, the Awakening."

At the close of the meeting a delicious lunch was served by the hostess.

The March meeting will be held at the home of Mrs. Chandler. The Melvin W.I. will hold a wheat drive at the home of Mrs. H. Fischer this Thursday, February 22. Every body welcome.

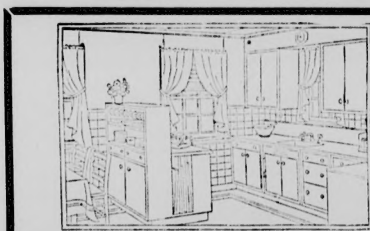

Francis Johnson, Sid Summers, Nopral Honey and Doug Landeen motored to Calgary last Thursday evening to see the wrestling match at the Stampede Corral.

Mr. and Mrs. Geo. Letkhus and family of Sundre visited on Sunday at the August Krebs home.

Mr. and Mrs. Lester Krebs and Shirley visited in Calgary Sunday at the homes of Mr. and Mrs. Lewis Wollen and Mr. and Mrs. Alvie Cowitz.

Mr. and Mrs. Wilson of St. John, B.C., are visiting relatives at Melvin and Didsbury. Mrs. Wilson is a sister of Mrs. L. Chandler and Mr. Ace Esler.

## MEAT AGREEMENT

It is expected that a 15 year meat agreement between Australia and Great Britain will be signed soon. Under its provisions Australia's entire surplus of beef, lamb and mutton would go to Britain. Selling prices would be reviewed yearly at a fixed floor price provided. With the assistance of British capital, meat production in Australia would be expanded greatly.

## COLUMBIA IMPORTING CANADIAN POTATOES

Columbia has afforded an order for 3,000 tons of table potatoes to a Canadian producer and exporter. This is the first year that it has been necessary for Columbia to import potatoes as previously the country had small exportable surpluses. Many crops were destroyed this year owing to an extended rainy season.

## NOT EXCITED OVER TV

Are you excited over the prospects of Canadian television this fall? Out of a group asked a few replied "yes," but most of them were interested. Practically all, however, expressed the fervent hope that Canada's programs would be an improvement over those shown in the United States.

LITTLE ITEMS OF
